

Admissions English Language Requirements

New Entering and/or Transfer students

The American University of Greece (AUG) Global Campus delivers all programs in English. To ensure student success in an online learning environment, applicants whose primary language is not English must demonstrate English proficiency through one of the following pathways:

1. Standardized English Language Tests for Admission

Applicants may submit official test scores meeting or exceeding the following minimum requirements:

- **TOEFL iBT:** 87
- **IELTS Academic:** 6.5
- **Duolingo English Test:** 125
- **PTE Academic:** 59
- **Cambridge/Michigan/MSU English:** Proficiency

Official test scores must be no more than two years old.

2. Previous Education in English

Applicants may be exempt from submitting test scores if they have completed:

- A **bachelor's degree** (or equivalent) from an accredited institution where English was the primary language of instruction.
- At least **two years of full-time secondary or post-secondary education** in an English-speaking country or an institution where English is the primary language of instruction.

Applicants must provide official transcripts and, if necessary, documentation from the institution confirming English as the language of instruction.

- Applicants who have completed international curricula such as the **International Baccalaureate (IB)** or **British A-Levels** in English may also qualify for an exemption.

3. Workplace Experience in an English-Speaking Environment

Applicants who have worked in an English-speaking professional setting for three or more years may submit:

- A letter from their employer verifying their role and confirming English proficiency in professional communication.
- A resume highlighting English-language experience in professional settings.
- A personal statement describing how they have used English in their work and daily interactions.

Additional Considerations:

- AUG Global Campus reserves the right to request an interview to further assess English proficiency.
- For applicants who do not meet the minimum scores but are close, a case-by-case review may be conducted, particularly for those with strong academic backgrounds.

Note: American University of Greece Global Campus is not eligible for the United States of America Federal Aid.
